Over 100 million developers call GitHub home[3]

Whether you're scaling your startup or just learning how to code, GitHub is your home. Join the world's largest developer platform to build the innovations that empower humanity. Let's build from here.

Email address

[1] This 7X times factor is based on data from the industry's longest running analysis of fix rates Veracode State of Software Security 2023, which cites the average time to fix 50% of flaws as 198 days vs. GitHub's fix rates of 72% of flaws with in 28 days which is at a minimum of 7X faster when compared.

[2] The Total Economic Impact™ Of GitHub Enterprise Cloud and Advanced Security, a commissioned study conducted by Forrester Consulting, 2022. Results are for a composite organization based on interviewed customers.

[3] There are now 100 million developers around the world using GitHub [Read the blog post](#).
